Roman Law Firm, P.C. was founded by Stephanie Roman with the philosophy to offer personalized service and a direct approach to her clients for best results. Roman provides practical, cost-effective solutions for a client's legal needs. Her broad range of services includes solutions for business matters, contract negotiations, and coordination of commercial and residential real estate closings.

"Real estate and business law is what we do and it's all we do," Roman says. Roman Law Firm is a small, real estate, boutique firm that is associated with Stewart Title Company. "I'm really proud of the balance that I have achieved this year," Roman says.

After being nominated as one of Houston's top lawyers in 2006, Roman took the time to set new professional and personal goals. "Some clients require my attention 24 hours a day, seven days a week," she explains. "Without a balanced approach, I wouldn't be able to remain a committed attorney, parent, wife, friend or volunteer. I think clients appreciate that."
